

## January 2020

*Jewish Year 5780*

### **We're Witnessing A Global Move of the Holy Spirit in Motion !**

Last year the Church witnessed a *worldwide awakening* of Jesus Christ! There is a worldwide move of the Holy Spirit that has never been seen since the days of the Early Church. This global awakening of billions of souls coming to Christ is on the horizon! It is overwhelming to see what God is doing within nations. The Church continues to explode in Africa, Australia, India, South America and the underground Church of China. The fastest church in the world right now is in the least of all places – Iran. Iranians are turning away from enemy's deception and discovering Jesus Christ in the millions.

### **This Great Move of God is Here in America!**

In 2019, pockets of revival broke out in parts of the United States too. We saw seeds of a great move of God in small towns across our nation. The Holy Spirit has moved upon thousands of lives in Dawsonville, GA, Paris, KY, Corpus Christi, TX and even within our military base at Fort Leonard Wood, Missouri. If we are not careful, we can easily miss the heart and work of God in 2020.

### **God Opened New Opportunities in Butler**

***Butler & Western PA will Never be the Same!*** For the *first time ever* in Cranberry Township, the Holy Spirit moved powerfully during two amazing nights of Healings & Miracles. In September and November, we partnered with Pastor Billy Burke and his ministry team of World Outreach to support two nights of miracles and healings at the DoubleTree Hotel. Over 700 people attended both nights and hundreds of testimonies of healing!

If you recall, as a church family, we sponsored four nights of healing and miracles at the Days Inn Conference Center in Butler. Our first night was on October 1, 2013. After four years, the Lord made it possible to host three more nights in Butler. These meetings shook the city! These three nights were held at the Days Inn on June 28 and August 22 (2017) and March 28, 2018. We had 144 people attend the first meeting in 2013 and over 1,100 people attended in 9 months during the last three meetings. Today, we still hear of many people testify they were either healed, born again or both in one of those meetings.

We are deeply appreciative of what the Holy Spirit continues to do in the Butler region. We express our deepest appreciation to the Lord, Pastor Billy Burke, the staff of World Outreach, Ken & Pam Ramsey of Pittsburgh and the Doubletree Hotel in Cranberry for making these two meetings in Cranberry their support.

*Please intercede that God's heart would make Cranberry Township the new  
monthly meeting place for His healings and miracles in 2020!*

### **Intercession & Prayer Nights 2019**

In 2019, the Holy Spirit called us to specific times of prayer and intercession for the city and region. Prophetic words and/or visions occurred almost weekly. These revelations also occurred when seeking the Lord's presence and waiting upon Him for direction and/or new war strategies. In *February*, a prayer team met for 12 consecutive days for intercession. In *November*, another group of believers within the community have gathered with us for 1-2 hours on Thursday nights to pray in the Spirit for breakthrough and salvation to the lost. This group of intercessors on Thursday nights will continue in 2020.

## **A Few Other Testimonies from 2019!**

*On Butler College campus, Karen Riethmiller prays for one of her colleagues who was unable to move his finger because of a severe cut on it. After praying he returned to campus the following day to share what God had done. The swelling was completely gone, and he could move his finger again! **In Christ, there is no small miracle!***

*On a different day, two students on campus, approached Karen for help. They both felt lost without any hope. They each informed her that both their girlfriends became pregnant and were considering an abortion. After ministering to these students in the love and righteousness, they convinced their girlfriends to keep the babies. **Praise God for every baby saved!***

*On Butler College Campus, a student was suffering with PTSD. After receiving prayer, by next class, he was working alongside with other students completely healed. The following week he asked for his wife to receive prayer as she was diagnosed with stage four brain cancer. After Karen prayed, a month later he returned to campus with the shocking news that every cancer cell was gone and his wife was completely healed! **Our God is bigger than cancer!***

*In December, Jesse Paxton prayed over his co-worker fighting depression, self-condemnation and pain in her hips. Within minutes, the woman experienced heat moved through her body and began to cry as she felt the deep love of Jesus healing her body. **In Christ, no one is out of reach from His healing touch!***

## **Thank You for Giving to the Lord in 2019!**

We believe there are two documents that reveal our hearts, the calendar and the checkbook. These reveal two precious resources we have in this life, *time and money*. Our giving is an act of worship. It also tells us *who* we worship and *what* we value.

As a family, we value the cultivating a lifestyle of hearing and responding obediently to God's voice. We cannot obey what we do not hear (or unwilling to hear). We value the Word of God and living a life that pleases the Lord in our thoughts and actions. We value praying on our knees daily in the secret closet, intercession, praying in the Spirit and upper room worship. We value the co-mission of Jesus to be carriers of His authority into every situation, geographical location and circumstance. We value when everything both in the natural and in the spiritual realm bows to the name that is above all names, Jesus Christ. We value to see more of His Kingdom invade earth and witness those in bondage, sickness or disease be delivered.

This past year marked 12 years for us living in Butler and 8 years for this ministry. It has not been easy to say the least. It has demanded everything. It has tested our marriage, our family and our lives. But all these years later we learned something important. We love how Jesus deals with us as He did with His disciples: confronting our hearts, calling us to be honest with Him and aligning our hearts with His heart...no matter the cost or consequence.

We are deeply and forever humbled beyond words could ever express for your giving to us and this ministry. We continue to plea with the Lord to multiply your giving not only to your heavenly account but also here on earth. We have sensed the word for 2020 as the "Year of God's Vindication." We pray that it is so with each of you and your families. *Jeff & Bev Harris*
